

THE SPS DIFFERENCE

Stephens Pipe & Steel is a family owned business headquartered in south-central Kentucky. For more than 40 years, our focus has remained centered around one goal. We strive to provide our customers a quality product at a competitive price, matched with service that forges a lasting relationship that is fair and beneficial to all.

Driven by customer relationships, SPS has the largest pipe and tube inventory in the United States to meet customer demands. Our branches span 13 states with over 1100 employees. We are honored to supply more than 4,000 of the nation's best and most professional fencing contractors.

Centurion is **STEEL STRONG**

ALL STEEL-NO RIVETS

RACKS TO 40"+

MULTI-LAYER COATING

ENTRY LEVEL PRICING

Each Centurion component is constructed from high-strength galvanized steel. Our unique fastening system allow the panels to rack more than 40". This provides increased security and protection, while improving the curb appeal and aesthetic appearance of the property. Additionally, the galvanized coating will prevent corrosion and the thermal-bond coating ensures years of maintenance-free protection.
